I. The meeting was called to order at 6:00pm.

II. Closed session

a. Consideration of CSEA request

Executive board met with members from the counseling discipline to continue its discussion and work on the resolution that addresses serious, ongoing concerns of the faculty in the Student Services Division. Executive board and Student Services faculty are aware of similar serious concerns being addressed by CSEA 262 on behalf of their members.

The group agreed to draft a concise resolution and to attach an appendix for supporting details. Once the resolution was drafted, Eric Kaljumägi motioned to recommend approval of the resolution to the FA Representative Council. Joshua Christ seconded the motion. The motion passed with no opposition. The resolution will be presented to the representative council at tomorrow's council meeting under new business with a recommendation to approve.

III. The meeting adjourned at 7:44pm.

Respectfully submitted,
Vicki Greco
